Santhosh Kumar RKC
SHEQ MS Project Consultant

Dear Santhosh,

I write to express my sincere thanks for the tremendous effort you put into the successful completion of the SHEQ Management System Implementation and ISO Certification Project.

In addition, the work produced under the pressure of a very tight time line is of excellent quality and I am sure that it will serve Nakilat well in taking the organisation to its next level of performance. Your dedicated and professional services for Gap Analysis, document preparations, review with Nakilat Line Management, Awareness Training and follow up on Management System Implementation are highly commendable. My staff and I are very grateful for your warmth and friendship during the above initiative.

I wish you all the success and please do not hesitate to illustrate your work at Nakilat as a reference for any similar projects.

Thank you and best regards

Gunaseharan R Ganapathy
A/SHEQ Director & Director Joint Ventures
QGTC (Nakilat), Doha
